Dave, can you take the lead, send what we have to Margie. All,

My only comment concerns the time requirements in Sections 2(b) and 2(c). Because there is no deadline in Section 2(b), the deadline in Section 2(c) is ambiguous.

Is the publication described in Section 2(b) supposed to occur after the agencies submit proposals or at the same time? When are the public's suggestions due? Without deadlines for those actions, the deadline for submission of a proposal in Section 2(c) cannot be determined.

Jack

Dear Maren,

Good morning!

Thank you for your excellent comments and observations. The initial timing of the reporting requirements (less than 2 months to submit the data on a huge inventory of assets) may play into the ability to gather some of the data. Therefore, an interim and a longer term data strategy may help us to achieve our collective goals.

We will collaborate and get back to you with our thoughts/solutions. Thank you.

Hi team – I am working with Henry on this project and am just getting up to speed here. Sorry I missed the briefing yesterday and some of my comments below may already be addressed. I have reviewed the materials and have a couple of questions/observations:

1. When we are asking for historical and estimated capex numbers, would it be best to have them put in the each of the past five years and the anticipated costs for the future years? We can then sum/average the numbers. Might be more helpful for smoothing out purposes if there were some extenuating circumstances that would throw off the numbers.
2. Do we want to collect roof age or current condition? Could ask as for remaining useful life of the roof? From my experience, this often has an impact on value.
3. Is there a way to get a sense of interior condition? For example if for an office, if the interior was all recently renovated, can we capture that?
4. For my reference, do telecommuters count in the utilization number? I know for a number of field offices (at least at HUD), I am hearing of ample office space available as more people are telecommuting. Maybe we ask for number of employees telecommuting to see how much office space that building needs to provide?
5. Small and might already be corrected but both the data call new FRPP agency instructions starts off with: "GSA is issuing a data call to agencies that have did not submit fiscal year" – should remove "did" or "have".

Let me know if you want to discuss any of this and, again, these are just my quick observations as I reviewed the info.

Thanks,

Maren

Dear Henry,

Good afternoon!

Per your request, attached are the Draft documents for the February 15 data call. We will brief you in detail on Monday on these documents.

Please keep in mind that, attached documents are still going through OMB and GSA clearances and technical edits.

Thank you for your kind patience. Wishing everyone a great weekend.

UNCLASSIFIED/FOR OFFICIAL USE ONLY

GSA Region 4  
Atlanta, GA  
Situational Awareness  
Status as of 3:32 pm: Closed

Good Afternoon,

The EOC received notification that FPS responded to the Sam Nunn Atlanta Federal Center located at 60 Forsyth St, Atlanta, GA for reports of an accidental weapons discharge. It appears that while attempting to subdue a disorderly subject in the Environmental Protection Agency's area of the building, a struggle ensued between the subject and a Protective Security Officer (PSO). During the incident, the PSO's firearm discharged.

FPS is investigating the details and is the lead agency for this issue. The facility's FSC and appropriate emergency coordinators have been advised. There have been no reports of injuries at this time. This report should not be disseminated beyond the individuals receiving this initial distribution. This incident is now closed but will be monitored and details will be shared if or when details become available.

Thank you,

Watch Officer

Hi Jack

See the attached. Jeff is working with OMB to take appropriate action.

Also we have confirmed that any additional regulatory changes would need to be signed by the GSA Administrator before it goes to OFR so we have a control in place to stop anything else.

Call me if we need to discuss further.

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This

needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy

officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be

forthcoming.

Thanks and let me know if you have any questions,

Tim,

We have formally withdrawn FAR case 2016-007 Non-Retaliation for Disclosure of Compensation Information from the Office of the Federal Register.

We have confirmed that we have no Federal Management Regulation, no Federal Travel Regulation and no GSA Acquisition Regulation cases pending at the Office of the Federal Register.

We have also confirmed that GSA has no regulations which have been published in the Federal Register but have not yet implemented.

Active items in the Federal Register include:

Four FAR cases currently open for public comment.

### **The FAR Cases are:**

1. FAR Case 2015-033; Sustainable Acquisition; Proposed rule. Published in the Federal Register on January 18, 2017. The comments due date is March 20, 2017.
2. FAR Case 2017-001; Paid Sick Leave for Federal Contractors; Interim rule. Published in the Federal Register on December 16, 2016. The comments due date is February 14, 2017.

3. FAR Case 2014-002; Set-Asides Under Multiple-Award Contracts; Proposed rule. Published on December 6, 2016. The comments due date is February 6, 2017.

4. FAR Case 2016-005; Effective Communication Between Government and Industry; Proposed Rule. Published on November 29, 2016. The comments due date was extended today. The new comment date is March 2, 2017.

GSA also has 3 open information collection notices and 1 other open notice. All of these are in the public comment period: The open notices are:

**The open Notice and Information Collection notices are:**

1. Information Collection Notice 9000-0135; Prospective Subcontractor Requests for Bonds; 81 FR 93688; Comment period ends February 21, 2017.

2. Information Collection Notice; 3090-0121; Industrial Funding Fee and Sales Reporting; 82 FR 4337; Comment period ends February 14, 2017.

3. Information Collection Notice; 3090-0304; USA.gov and all related subdomains; 82 FR 3794; Comment period ends on February 13, 2017.

4. Notice-ID-2016-03 Privacy Act System of Records Login.gov; 82 FR 6552; Comment period ends February 21, 2017.

In addition, today, the Public Buildings Service, published a notice of its intent to prepare an Environmental Impact Statement for the Department of Labor Headquarters Consolidation and the Exchange of the Francis Perkins Building. The notice announces various public "scoping" meetings to advance this project.

Tim,

Thus far, we have identified one item scheduled to publish in the Federal Register tomorrow. It is a 30 day extension of the comment period on a FAR case about effective communication between Government and industry. The extension was based on a request from the American Bar Association and makes the new closing date for public comments March 2, 2017. The notice went up for public inspection on January 19. This case comes out of the National Defense Authorization Act (section 887) of 2016.

What action would you like us to take on that notice? Keeping it in place simply extends the time for the public to submit comments.

In terms of the pending FAR case on non-retaliation for disclosure of compensation information, the Office of the Federal Register had not given a publication date. We will contact them Monday to pull the case.

I'm still coordinating with the rest of OGP to identify if there are any other unpublished regulations at the Office of the Federal Register. We will also begin to identify published regulations which are not yet in effect.

Will confirm upon completion,

Jeff

Hi Jack

See the attached. Jeff is working with OMB to take appropriate action.

Also we have confirmed that any additional regulatory changes would need to be signed by the GSA Administrator before it goes to OFR so we have a control in place to stop anything else.

Call me if we need to discuss further.

Subject: Executing section 2 of the Reg Freeze memo

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be forthcoming.

Thanks and let me know if you have any questions,

Marcus Peacock

I just talked to Denham's office and other than the chairman for this real property commission, they'd want federal employees that know about this issue. I obviously recommended you. Hi Matthew and Lesley -

I started back with GSA yesterday. Until I was on boarded, I was told I couldn't talk to the Executive Branch. Now that I'm allowed to talk with you again, was hoping you'd have some time to catch up, especially on the GSA/OFPP related issues. I'd also like to include Jack St. John, cc'd here, who is the Senior White House Advisor at GSA. Do you have some time later this week or early next week?

Thanks,  
Emily

Subject: Time to catch up?

Hi Matthew and Lesley -

I started back with GSA yesterday. Until I was on boarded, I was told I couldn't talk to the Executive Branch. Now that I'm allowed to talk with you again, was hoping you'd have some time to catch up, especially on the GSA/OFPP related issues. I'd also like to include Jack St. John, cc'd here, who is the Senior White House Advisor at GSA. Do you have some time later this week or early next week?

Thanks,  
Emily

Beachhead Teams – A number of you have been awaiting further guidance on the hiring freeze. OPM and OMB coordinated in drafting the attached guidance that is being posted to our website within the hour. I also attached the previous memo on the issue.

Please have your careers work with ours to answer any additional questions. Please loop Jason Simmons (OPM Beachhead lead) and I as you see fit.

Hope this helps answers your questions!

Hi All - GSA is telling me I can't send it without encrypting since it contains PII and is covered by the Privacy Act. If that isn't the case, that would be great.

Hi John -

I know I owe you a proposed org chart and some other documents, and should have those to you shortly. However, we do have the documents GSA traditionally sends to PPO for political appointments ready for John and myself. Since I know there is a ticking clock on these, we wanted to get them to you asap, however I'm being told that I need to encrypt them before sending them. Would it be ok if we just walked them over to you? I think you are at 18th & G. If not, will you be at the WH Liaison meeting this afternoon? I could bring them with me.

Thanks,

Emily

John,

This is to follow up on our conversation earlier this afternoon.

Old Post Office Clock Tower

The renovations to the Old Post Office clock tower were cosmetic, i.e. painting, and did not include any structural changes. They were paid for by GSA. The clock tower was--and will continue to be--used as a public viewing platform operated by the Park Service. Visitors will have to walk through the space leased by Trump Old Post Office LLC to enter the tower.

Since our conversation earlier today, we have learned that the clock tower will not open tomorrow because the Park Service does not have adequate personnel to staff the tower.

Hi John - I know I owe you a proposed org chart and some other documents, and should have those to you shortly. However, we do have the documents GSA traditionally sends to PPO for political appointments ready for John and myself. Since I know there is a ticking clock on these, we wanted to get them to you asap, however I'm being told that I need to encrypt them before sending them. Would it be ok if we just walked them over to you? I think you are at 18th & G. If not, will you be at the WH Liaison meeting this afternoon? I could bring them with me.

Thanks,  
Emily

Hi Gabriella,

We do not currently have a communications person on the GSA beachhead team. We are working to bring one on board, hopefully within the next couple weeks. In the meantime, Emily Murphy, Brennan Hart, and I will serve as the communications team. Also, a permanent COS has not been named, but contact information for the Acting COS is below. Finally, the contact information for our WH Liaison and Deputy WH Liaison is below. Thanks.

Jack

Hi Emily,

Attached is the GSA Events Calendar as discussed. It is based on the previous Administrator's calendar from last year, so while subject to change, it should be a good representation of the events for this year. Also attached is a one-sentence description of each office in the org chart I sent you yesterday (as requested by Bill McGinley on Saturday). Please let me know if you need additional information.

Thanks,

Jack

Hi Emily,

Attached is a high-level org chart for GSA. Let me know if you need more detail, as there are additional charts for each individual office. We are still working on the calendar and will get it to you tomorrow. Thanks.

Hi Emily,

Attached is the completed GSA Comms Team contact info sheet. We do not currently have a communications person on our beachhead team, but the names listed will be serving as the Comms Team for the time being. Also, please note that Donna Garland is the career communications lead at GSA. I included her on the sheet, but she is not on the beachhead team. Please let me know if you need additional information.

Thanks,

Jack

Hi Gabriella,

We heard that the WH is having a conference call today with beachhead comms staff. We don't currently have a comms person on board at GSA, but would be happy to have another team member fill in for the call. There is significant press interest in several GSA issues, so it would be useful for us to have a connection to the WH comms office. Please let me know if you know who we should contact for the call-in information.

Thanks,

Hi Emily thanks so much for sending this information. I have included Henry Gindt (I hope this email is still working for him) and I am guessing at Reed's new email at the White House. I am hoping Henry will ensure Reed has this information as I am planning on checking in a few minutes so, this will be one of the last emails I send from my ptt account.

Reed,

Emily is just awesome. She is on the beach head team at GSA and is a procurement expert. She will be able to assist you in changing the government world for sure!!

thanks so much and I appreciate the opportunity to serve  
have a great weekend

Hi Sean -

I found one other PA, so updated the PA list. Any guidance or a POC for the other questions would be great - I can only imagine how inundated you must be.

Thanks,  
Emily

Hi Sean -

Attached are the list of PA and PAS for GSA. We're working on the org chart now, and we're getting our current beachhead team members into their offices of expertise starting tomorrow, although maintaining the reporting relationship to the Administrator's office.

A few questions for you:

- 1) Do you want a detailee to help with PPO? We have Mike Downing, who has experience in executive appointments for the PA governor, and who has been great so far, but we're happy to support you (and get our positions filled faster) by sending him over to you when you are ready.
- 2) For Jack St. John and myself (who need to convert by 2/9), we have position descriptions ready to go. How should we coordinate with PPO?
- 3) For the wave 2 beachhead team lists we have, do we need to receive anything from PPO before we onboard them?
- 4) Given that we don't have a nominee for GSA, how much of the organization should we work on staffing, and how much should we reserve for the eventual nominee?

I don't have a working phone yet for GSA, but I can always be reached at [703-493-0477](tel:703-493-0477).

Thanks,  
Emily

Hi Emily,

(b) (5) We do not currently have a communications person on our beachhead team, but the names listed will be serving as the Comms Team for the time being. Also, please note that Donna Garland is the career communications lead at GSA. I included her on the sheet, but she is not on the beachhead team. Please let me know if you need additional information.

Thanks,

Hi Emily,

Attached is the GSA Events Calendar as discussed. It is based on the previous Administrator's calendar from last year, so while subject to change, it should be a good representation of the events for this year. Also attached is a one-sentence description of each office in the org chart I sent you yesterday (as requested by Bill McGinley on Saturday). Please let me know if you need additional information.

Thanks,  
Jack

Hi Emily,

Attached is a high-level org chart for GSA. Let me know if you need more detail, as there are additional charts for each individual office. We are still working on the calendar and will get it to you tomorrow. Thanks.

Hi Emily,

Attached is the completed GSA Comms Team contact info sheet. We do not currently have a communications person on our beachhead team, but the names listed will be serving as the Comms Team for the time being. Also, please note that Donna Garland is the career communications lead at GSA. I included her on the sheet, but she is not on the beachhead team. Please let me know if you need additional information.

Thanks,

Jack

John,

Attached is the letter from the Office of Special Counsel as discussed earlier. Also attached is a related OIG report from October 2016. Approximately \$80M was allegedly spent inappropriately, of which approximately \$50M was recovered through revenue.

Also, please note that the meeting scheduled for tomorrow with Rep. Hank Johnson has been cancelled.

Thanks,  
Jack

Good evening, Margie and Sean.

Thanks for your patience. Attached is the doc that contains some of the high level initiatives in GSA that focused on technology transformation internal to GSA provided by GSA IT and as an external service provided by TTS. Due to the short time, we focused on content, some stats regarding savings and business value and some customer testimonials for value context. The text is not highly edited so please feel free to word-smith for readability as you build your presentation for tomorrow.

The one missing, but critical element is the transformative services provided by FAS. Those user stories are being developed this evening and will be sent under separate e-mail in the morning. We wanted to get the GSA IT and TTS info to you ASAP.

Ping me if you have any questions as you review the info or need anything else this evening.

Jen, to your question, if we think we have some examples to contribute, in the interest of time, I can loop Sean back in with the right POCs to take it directly from there.

As I think about it, California may be a slightly less relevant example in this case since it involves work at the state level. We may want to try to focus on federal for purposes of this exercise.

Dear Maren,

Good morning!

Thank you for your excellent comments and observations. The initial timing of the reporting requirements (less than 2 months to submit the data on a huge inventory of assets) may play into the ability to gather some of the data. Therefore, an interim and a longer term data strategy may help us to achieve our collective goals.

We will collaborate and get back to you with our thoughts/solutions. Thank you.

Best Regards,

Alex

Dear All,

I just spoke to OMB Bill Hamele about an agenda. There is NO agenda. He advised that this is an OMB coordinated meeting. GSA will be on a listening mode and OMB will turn to us at the right time when GSA inputs are necessary. OMB is bringing a timeline (NOT our project plan/timeline) they would like to brief and get the buy in. Just keeping everyone informed. See you at 11 am.

Alex

Henry,

We have data on SF per person for office buildings only and only for the last three years.

So the trend data is not that long and only covers a subset of the portfolio (offices).

Bill

I am hoping this is an easier fit for me since I have already performed in this job for 6 years during Bush 43 Administration. I did tell Emily Murphy and left her a message as I know she is pretty busy herself. (I have included her on this note as well).

I will work to get other recommendations in for this position as well. Please let me know if you need anything else.

I would have called you but the cell I have for you is from [ptt.gov](http://ptt.gov).

I am hoping this is an easier fit for me since I have already performed in this job for 6 years during Bush 43 Administration. I did tell Emily Murphy and left her a message as I know she is pretty busy herself. (I have included her on this note as well).

I will work to get other recommendations in for this position as well. Please let me know if you need anything else.

Thanks in advance

Henry,

We have data on SF per person for office buildings only and only for the last three years.

So the trend data is not that long and only covers s subset of the portfolio (offices).

Thank you, Bill!

Just for information purposes, in addition,

In order to comply with provisions of H.R. 4465, GSA has put in place a **"The Standard Utilization Rate Group"** to examine the FRPP building categories and develop recommendations on whether each category should be supported by a standard utilization metric. The examination will include a review of industry literature on common utilization rates and a review of GSA and agency data. The group will document the reason(s) it recommends standard utilization rates not be developed for specific FRPP building categories. This group is stand-alone due to the specialized nature of the analysis and the lack of specific direction in the statute. The utilization rates developed by this group will be included in the standards and criteria developed by the GSA's other Working Group - ***The Recommendation Template, Standards, and Evaluation Criteria Working Group***. These Working Groups are currently hard at work to develop their recommendations by the end of the month.

Thank you.

Best Regards,

Alex

Dear respected Colleagues,

Per your request, attached are the draft letters to the agencies: 1) to agencies already submit data to FRPP MS; and, 2) agencies Reporting for the FIRST time. We have incorporated LP's (Richard) comments, but have not yet shared these with OMB.

Please review and edit in google docs (links provided) or the attached word docs. Need your clearance as soon as possible as the WH staff is requesting to get these out. Once you clear, we will share with OMB for clearance. Thank you for your kind assistance.

Hi Matthew and Lesley -

I started back with GSA yesterday. Until I was on boarded, I was told I couldn't talk to the Executive Branch. Now that I'm allowed to talk with you again, was hoping you'd have some time to catch up, especially on the GSA/OFPP related issues. I'd also like to include Jack St. John, cc'd here, who is the Senior White House Advisor at GSA. Do you have some time later this week or early next week?

Thanks,  
Emily

Dear Colleagues,

Good morning!

Need your kind guidance. Henry Gindt from the WH just called and requested copies of the templates and the Instructions documents (attached we finalized yesterday).

I told him that I will get back. Please let me know if I can share. I want to avoid any misunderstandings. Thank you.

Dear Henry,

Good morning!

I haven't forgotten you! We had a few loose ends to workout on the Instructions documents. We (OMB and GSA team) just finished our second round meeting. We have resolved all issues associated with the Instructions documents and will have them finalized by the end of the day.

I am copying OMB Colleagues and GSA leadership on this email for guidance on a date convenient to everyone for the briefing. Today is premature as we are finalizing these documents.

Thank you so much for your kind patience.

Dear All,

Below is the well researched draft response for OMB Karen Lee. Please let me know if you are OK for me to send this. If you have any edits, please let me know. **Please send me an OK.** This response was drafted in close coordination with GSA IT Team. Thank you.

Dear Karen,

Per your request, we have extensively researched and this response was developed in close coordination with GSA IT Team.

When the new real property reform laws were enacted, GSA conducted a thorough alternatives analysis to determine the most

cost effective and efficient options to collect the required data. We also considered the laws' relatively short deadlines and the

fact that agencies will be required to report their inventories for the foreseeable future.

GSA has chosen to use templates in the form of Excel spreadsheets to collect the data required by the two laws. Agencies that

have already reported data to the Federal Real Property Profile Management System (FRPP MS) will receive a different

same time, GSA is adapting FRPP MS to capture all data required under the new laws.

Agencies will have two options to submit their data. They may (1) enter data subject to business validation rules that are built

into the spreadsheet to prevent data errors; or (2) send GSA an Excel file with data directly extracted from their IT systems. GSA

has technical staff available to work with the agencies to ensure the validation rules are followed regardless of the method

agencies use to submit their data. If agencies are extracting data from their systems, they will need to send their file with the

data fields in the same order as they appear in GSA's template. Agencies will have the flexibility to split the files by bureau to

distribute the workload. They are not required to send one massive file for their entire agency.

GSA's FRPP MS development team will load each agency's file into FRPP MS. Our developers are currently updating FRPP MS to

templates. This is a two tiered approach to ensure that the data associated with these new data elements follows a robust set

of business validation rules that have been used in collecting prior FRPP data.

Having agencies report their data directly to FRPP MS by [April 15 2017](#), is not possible at this time for two reasons:

1)

GSA does not have sufficient time to develop and implement a one-time data addition functionality into FRPP MS. Any new

data collection to capture the new data elements, would require agencies to clear all FY 2016 FRPP data and then re-submit it

along with the new data elements. Clearing and re-submitting data would likely reduce data quality and accuracy.

2)

It would disrupt the mandatory data validation and verification process agencies are required to complete by October 2017.

After carefully considering other options, GSA has decided to use FRPP MS for the data collection because:

3)

Most of the data required by the two real property laws is already housed in FRPP MS.

4)

Using FRPP MS enables GSA to use a single system as the inventory database and sets the framework for future data reporting.

5)

GSA has already made a significant investment in building business validation rules and other features within FRPP MS to

improve the quality, transparency, and analysis of real property data.

We do not believe using MAX Collect is a practical option for the data collection for the following reasons:

6)

MAX Collect or any other new system would have to be stood up from scratch, a process that could require anywhere from 12

to 16 months to develop and deploy. Developing appropriate business rule validations for the data elements and establishing

user accounts would also require significant time.

7)

Even if MAX Collect were immediately functional, we would have to merge a significant amount of FRPP data into the system

to allow for complete analysis, creating the potential for significant data quality issues.

8)

The funding stream for development and a contract vehicle that would be used to modify MAX Collect has not been identified.

9)

GSA would have difficulty making a business case for choosing MAX Collect to meet the requirements of this effort. The Federal

Information Technology Acquisition Reform Act (FITARA) gives GSA CIO authority over all IT decisions within the agency and

OGP IT (i.e., FRPP MS) efforts must support GSA's IT consolidation strategy (i.e., draft order CIO 2130.2 and draft order CIO

2102.1). As such, GSA must explore GSA's existing core platforms before contemplating any new development platform

investments. Salesforce, the platform for FRPP MS, is a core OCIO platform whereas MAX Collect is not.

10)

wide basis.

GSA's cost benefit analysis justifies the approach that GSA has selected to remain compliant with the requirements of the laws.

Thank you. If needed, we can expeditiously coordinate a briefing here at GSA at your convenience with our technical team.

Thank you for our continued strong partnership and collaboration.

Alex

Subject: Data collection for February 15th data call

Hi Alex, just following up on the data collection mechanism for our February 15th data call. The excel spreadsheet doesn't seem workable for agencies - and we can't have agencies burn all there time fat fingering in their data (rather than spend their time getting data from their facilities folks & ensuring that it is of quality. We need GSA to offer a couple other options of how we can get the data from agencies - we can't have agencies miss the deadlines. Can you provide a couple other options outside of the spreadsheet?

Thanks!

Karen

Dear Respected Colleagues,

Good evening!

Per your guidance on Tuesday at our large meeting, GSA and OMB team diligently and tirelessly worked to resolve all issues discussed. I cannot find enough words to thank Angela Donatelli and Bill Hamele, and the GSA "A" team for your unconditional support under severe time constraints. Attached are the final Draft documents for our use. We are searching for a technical writer/editor to review the Instructions before they are issued. Please let me know if you have any suggestions!

Next steps -

1. Once confirmed/scheduled, OMB and GSA team will brief the WH staff on Monday!
2. We are meeting with a handful of small and large agencies separately on next Tuesday to get a feel.
3. The larger team will meet on Wednesday or Thursday to brief.
4. Department Notification messages from OMB will go out to all agencies!
5. Once gets the OK, we will launch the call as scheduled on February 15.

Thank you. Always available to discuss at your convenience!

Best Regards,  
Alex

Dear Henry,

Good morning!

I haven't forgotten you! We had a few loose ends to workout on the Instructions documents. We (OMB and GSA team) just finished our second round meeting. We have resolved all issues associated with the Instructions documents and will have them finalized by the end of the day.

I am copying OMB Colleagues and GSA leadership on this email for guidance on a date convenient to everyone for the briefing. Today is premature as we are finalizing these documents.

Thank you so much for your kind patience.

Hi Gabriella,

We heard that the WH is having a conference call today with beachhead comms staff. We don't currently have a comms person on board at GSA, but would be happy to have another team member fill in for the call. There is significant press interest in several GSA issues, so it would be useful for us to have a connection to the WH comms office. Please let me know if you know who we should contact for the call-in information.

Emily,

I hope you found this afternoon's briefing helpful.

Per your request, attached is the latest FAR case status report.  
It provides both a description of the case and shows the current status.

Not included in the report is a technical amendment to extend the accelerated payments to small businesses and small business subcontractors following OMB's Memorandum M-17-3 which extends the "quick pay" policy through December 31, 2017.

As I noted, in the near term, we'd like the chance to talk with you (and with Tim) about how to proceed in light of the regulatory freeze. There are both FAR and GSAR cases where we advocate moving forward.

So that we can schedule a time to meet with you, please advise on who is managing your schedule.

Thank you, and have a great weekend.

Hi Emily thanks so much for sending this information. I have included Henry Gindt (I hope this email is still working for him) and I am guessing at Reed's new email at the White House. I am hoping Henry will ensure Reed has this information as I am planning on checking in a few minutes so, this will be one of the last emails I send from my ptt account.

Reed,  
Emily is just awesome. She is on the beach head team at GSA and is a procurement expert. She will be able to assist you in changing the government world for sure!!

thanks so much and I appreciate the opportunity to serve  
have a great weekend

Dear Henry,

Good morning!

I haven't forgotten you! We had a few loose ends to workout on the Instructions documents. We (OMB and GSA team) just finished our second round meeting. We have resolved all issues associated with the Instructions documents and will have them finalized by the end of the day.

I am copying OMB Colleagues and GSA leadership on this email for guidance on a date convenient to everyone for the briefing. Today is premature as we are finalizing these documents.

Thank you so much for your kind patience.

Hi, Emily. Looking forward to catching up tonight. If there's any way we can move to 5:30 or 6:00, that would be great. I apparently have a sick kid at home, but it's nothing that some ice cream and aspirin can't fix. :)

Great. I will head up to GCDC in about 10 minutes - see you there at 6:30. I think Mathew will join us around 6:45 or so.

If 6:30 is better, no worries at all. See you soon!

Thanks, Emily, for forwarding the message from the WH. In Teresa's absence from the office again today, I'm finalizing the appointment paperwork for internal signatures of the Administrator and you/Jack. You mentioned that the signed 1652 needs to go to WH/PPO as well as to OPM. We will handle the OPM submission as usual. How do you want to handle the submission to WH/PPO? Karla

Hi John - I know I owe you a proposed org chart and some other documents, and should have those to you shortly. However, we do have the documents GSA traditionally sends to PPO for political appointments ready for John and myself. Since I know there is a ticking clock on these, we wanted to get them to you asap, however I'm being told that I need to encrypt them before sending them. Would it be ok if we just walked them over to you? I think you are at 18th & G. If not, will you be at the WH Liaison meeting this afternoon? I could bring them with me.

Thanks,  
Emily

Hi All - GSA is telling me I can't send it without encrypting since it contains PII and is covered by the Privacy Act. If that isn't the case, that would be great.

Hi Sean -

Attached are the list of PA and PAS for GSA. We're working on the org chart now, and we're getting our current beachhead team members into their offices of expertise starting tomorrow, although maintaining the reporting relationship to the Administrator's office.

A few questions for you:

(b) (5)

I don't have a working phone yet for GSA, but I can always be reached at 703-493-0477.

Thanks,

I've also attached encrypted copies of the 1652's for you to forward to WH/PPO for their records, per their request. I will send you the password to open the files in a separate email. You should follow the same protocol when forwarding these attached files to the White House; first by sending the encrypted file as an attachment and then sending a separate message with the password.

Please let me know if you have any questions.

Hi Katja

I would have called you but the cell I have for you is from ptt.gov.

(b) (5)

I am hoping this is an easier fit for me since I have already performed in this job for 6 years during Bush 43 Administration. I did tell Emily Murphy and left her a message as I know she is pretty busy herself. (I have included her on this note as well).

I will work to get other recommendations in for this position as well. Please let me know if you need anything else.

Thanks in advance  
karen

Dear Colleagues,

Good morning!

Need your kind guidance. Henry Gindt from the WH just called and requested copies of the templates and the Instructions documents (attached we finalized yesterday).

I told him that I will get back. Please let me know if I can share. I want to avoid any misunderstandings. Thank you.

Dear Henry,

Good afternoon!

Per your request, attached are the Draft documents for the February 15 data call. We will brief you in detail on Monday on these documents.

Please keep in mind that, attached documents are still going through OMB and GSA clearances and technical edits.

Thank you for your kind patience. Wishing everyone a great weekend.

Hi Sean -

I found one other PA, so updated the PA list. Any guidance or a POC for the other questions would be great - I can only imagine how inundated you must be.

Thanks,  
Emily

Hi Sean -

Attached are the list of PA and PAS for GSA. We're working on the org chart now, and we're getting our current beachhead team members into their offices of expertise starting tomorrow, although maintaining the reporting relationship to the Administrator's office.

A few questions for you:

- 1) Do you want a detailee to help with PPO? We have Mike Downing, who has experience in executive appointments for the PA governor, and who has been great so far, but we're happy to support you (and get our positions filled faster) by sending him over to you when you are ready.
- 2) For Jack St. John and myself (who need to convert by 2/9), we have position descriptions ready to go. How should we coordinate with PPO?
- 3) For the wave 2 beachhead team lists we have, do we need to receive anything from PPO before we onboard them?
- 4) Given that we don't have a nominee for GSA, how much of the organization should we work on staffing, and how much should we reserve for the eventual nominee?

I don't have a working phone yet for GSA, but I can always be reached at [703-493-0477](tel:703-493-0477).

Thanks,  
Emily

Emily,

I hope you found this afternoon's briefing helpful.

Per your request, attached is the latest FAR case status report.  
It provides both a description of the case and shows the current status.

Not included in the report is a technical amendment to extend the accelerated payments to small businesses and small business subcontractors following OMB's Memorandum M-17-3 which extends the "quick pay" policy through December 31, 2017.

As I noted, in the near term, we'd like the chance to talk with you (and with Tim) about how to proceed in light of the regulatory freeze. There are both FAR and GSAR cases where we advocate moving forward.

So that we can schedule a time to meet with you, please advise on who is managing your schedule.

Thank you, and have a great weekend.

**Hello leadership team! I wanted to send out the summary of updates and changes that have taken place on the Acquisition Gateway and the F&C Hallway. Please feel free to share with your colleagues!**

## F&C Hallway Update:

●■■■■■■■ **A shout out to the USACE for the Facilities Reduction Program (FRP) being designated as Best-In-Class!!** Take a look at the article posted in the F&C hallway to see the Letter of Recognition, Press Release and Certificate. Great Work!!!

- Facilities & Construction Category Leadership Meeting is scheduled for February 16, 2017
- The training team is working on redesigning the training tile on the F&C hallway to be more interactive and easy to use
- Your help is needed! We are asking each of you and your agencies to provide exemplary PWS/SOWs samples that can be added to the Document Library for the F&C Category. Please send those to [kristy.wilbur@gsa.gov](mailto:kristy.wilbur@gsa.gov)
- Don't forget to check out the meeting minutes from the Jan 19, 2017 meeting to see if there is any follow on action needed from your or your agency!

Did you know that there is a F&C Interact page? This community provides a forum for ongoing dialogue between GSA's Industry Partners and the Federal Acquisition Community. Go here and sign up to join the group! [F&C Interact page](#)

### New on the Gateway

- Project Center - Check out the revamped milestones feature. You can add assignees (from your Team tab) to a milestone, sort milestones and edit the milestone titles. The new Welcome Message at the top of the page has a link to Project Center tutorials.
- Solutions Finder - You have the ability to add 'Guides and Attachments' (user guides, presentations, etc.) to individual solution listings in several forms (PDFs, MS Office files, images)
- Document Library - Watch this short [video](#) to learn how the Document Library can help you manage your projects.

Hopefully everyone was able to take a few of the Acquisition Gateway University session over the past 2 weeks! Keep an eye out as more sessions will be coming out in a few months. If you don't want to wait, let me know and we can set up training for you and/or your agency.

Don't see it on the gateway? Is something missing? Please tell us! We are always looking for suggestions on how we can improve the F&C Hallway and your experience with it!

Please pass this on to all within your respective organizations that you feel would be interested.

Leadership Team,

Hello all!

The 19 January F&C Category Leadership minutes have been posted to the F&C Hallway. As usual, I continue to find that the quality and content of our government-wide conversations get better with each passing meeting. I was especially heartened by the dialogue exchanged regarding agency specific communication and the different mediums employed in each agency to best propagate Category Management. As we move forward, we need to capitalize on these mediums.

As the minutes illustrate, action items are as follows:

Thanks, Mary

**F&C Leadership Team,**

Just wanted to send out a quick reminder that Leadership Team members agreed to submit names and contact info for your agency's Facilities Assessment POCs. We had discussed trying to get one subteam meeting under our belts prior to the 16 February Leadership meeting.

If we can get the names by the end of this week, we can still meet this goal.

If interested in participating, please send your POCs to Tim Benoit as quickly as possible.

Thanks, Mary

Leadership Team,

Hello all!

The 19 January F&C Category Leadership minutes have been posted to the F&C Hallway. As usual, I continue to find that the quality and content of our government-wide conversations get better with each passing meeting. I was especially heartened by the dialogue exchanged regarding agency specific communication and the different mediums employed in each agency to best propagate Category Management. As we move forward, we need to capitalize on these mediums.

As the minutes illustrate, action items are as follows:

**Hello leadership team! I wanted to send out the summary of updates and changes that have taken place on the Acquisition Gateway and the F&C Hallway. Please feel free to share with your colleagues!**

#### F&C Hallway Update:

- The meeting minutes from the January 19, 2017 leadership council are now posted on the gateway. Action items are included.
- The training team is working on redesigning the training tile on the F&C hallway to be more interactive and easy to use
- Your help is needed! We are asking each of you and your agencies to provide exemplary PWS/SOWs samples that can be added to the Document Library for the F&C Category. Please send those to [kristy.wilbur@gsa.gov](mailto:kristy.wilbur@gsa.gov)
- Dont forget, today starts the next training sessions for the Acquisition Gateway! Share and Sign up below!

Did you know that there is a F&C Interact page? This community provides a forum for ongoing dialogue between GSA's Industry Partners and the Federal Acquisition Community. Go here and sign up to join the group! [F&C Interact page](#)

#### New on the Gateway

Tutorials - Access tutorials from anywhere on the Gateway. Click the  icon on the navigation bar at the

top of screen to learn how to use the various apps.

Log-In - The log-in page was revamped to match the homepage's new design. Beneath the log-in buttons,

there are both written and video instructions on how first time federal users can sign-in and answers to

questions regarding public versus private content.

Project Center - You can now load a project in it's own view (no more endless scrolling when all your

projects are open!) as well as the ability to reorder milestones within individual projects. Reordering

milestones comes in advance of being able to add new milestones in an upcoming sprint. Watch this short

[video](#) to learn how the Project Center can help you manage your projects.

Solutions Finder - A new welcome message describes the purpose of Solutions Finder and how it can help

you determine which solution is best for you.

Sign up for the next campaign!!!

- Acquisition Gateway University - Winter Session - We're gearing up for the Winter Session of Gateway "U". You'll find another great two-week period of category management webinars with classes designed to help you get the most from the tools and resources on the Acquisition Gateway.
- Daily, one-hour classes will occur from January 23rd through February 3rd.
- Each class will offer 1 Continuous Learning Point (CLP) to help meet your training goals. Click [here](#) to register! (and use [this link](#) to register for the FAI demo on Jan 23rd).

Don't see it on the gateway? Is something missing? Please tell us! We are always looking for suggestions on how we can improve the F&C Hallway and your experience with it!

Please pass this on to all within your respective organizations that you feel would be interested.

F&C Leadership Team,

Hello all!

Please find the  
agenda for the 16 February F&C Leadership Meeting attached.

As requested during the January meeting, I have asked Eric to give us another snapshot of the data we looked at this time last year with FY16 numbers included. This will probably take up the preponderance of the meeting time.

Rachel and Tim have been talking with some of you about ways we can better assist in educating your folks on the benefits of collaborating on the Acquisition Gateway, and I have also asked them to provide us feedback on how this process is going.

All in all, we will probably be wrapped up no later than Noon.

\*\*\*\*\*Also wanted to remind you to send Points of Contact for the Facilities Assessment sub-team to Tim Benoit  
; to date, we not yet received any submissions.

Looking forward to talking with you more next week

.

#### **Detail Opportunity at the White House Counsel's Office**

The White House Counsel's Office is seeking one or more short-term employees for detail (up to 6 months) to assist the Ethics and Compliance section of the office. Selected candidates will be involved in the tracking and review of OGE Form 278e and OGE Form 450 reports for White House staff, initial and annual ethics training, post-employment out-processing, and general ethics advice and guidance. In particular, we are seeking candidates with a background in financial disclosure review, Integrity.gov, and with experience providing one-on-one ethics advice.

Interested parties should contact James D. Schultz, Associate Counsel to the President and Designated Alternate White House Ethics Official at (b) (6) [who.eop.gov](mailto:who.eop.gov).

Dear Colleagues:

Several of you have requested a word version of this document, in order to facilitate comment. Please see the attached. Also, I am attaching a pdf version of the document we have made machine readable, and in which we have removed the 'DRAFT. DELIBERATIVE. PREDECISIONAL' header. We do intend to post this version on our public website.

Again, very much looking forward to your comments, and please let us know if you have any questions, thanks.

Best Regards,  
Dom

Subject: Follow On Guidance on the Executive Order "Reducing Regulation and Controlling Regulatory Costs"

Dear Colleagues,

Please see attached the first round of guidance on the January 30, 2017, Executive Order titled “Reducing Regulation and Controlling Regulatory Costs.” For this interim guidance, OIRA is focusing on implementation of Section 2 of the Executive Order, which covers Fiscal Year 2017.

Note that we are requesting comment on this interim guidance. They should be provided to (b) (6) by February 10, 2017. Our goal is to continue to answer your questions, and provide at least one further round of guidance, as we continue to implement the EO.

Please let Rich Theroux (b) (6) or me know if you have any questions.

Best Regards,  
Dom

Dear Colleagues,

Please see attached OMB Memorandum M17-16, from OMB Acting Director Mark Sandy, titled "Implementation of Regulatory Freeze."

This Memorandum provides further guidance on implementing the Chief of Staff Memorandum of January 20, 2017, titled "Regulatory Freeze Pending Review", which is also attached. In summary, the OMB Memorandum provides guidance on the postponement of the effective dates of final regulations that have been published in the *Federal Register* but are not yet in effect, further guidance on withdrawing rules that have been submitted to the *Federal Register* but have not been published, and more information on potential exceptions.

In addition, M17-16:

- Asks that agencies withdraw all rules that are currently under OIRA review; and
- Clarifies that once an agency receives clearance to move forward on a rulemaking, agencies should still follow the significance determination process outlined in EO 12866.

Finally, the OMB Memorandum includes a general statement that civil monetary penalty adjustment regulations that were due this month pursuant to the 2015 amendments to the Federal Civil Penalties Inflation Adjustment Act of 1990, and were not significant regulatory actions under EO 12866, can be considered to fall within the "statutory or judicial deadline" exception to the Regulatory Freeze Memorandum.

Please let us know if you have any questions regarding the implementation of this Memorandum.

Best Regards,  
Dom

Dear colleagues:

Tuesday, January 17th will be my last day at the White House.

If your question is related to OSTP, please contact Lloyd Whitman at (b) (6)

If this is a personal matter, I can be reached at (b) (6)

It's been an honor and a privilege to serve President Obama and the American people for the last 8 years. I've also been blessed with the opportunity to work with amazing colleagues both inside and outside the federal government. I've been inspired by their creativity, effectiveness, courage, and selfless dedication to public service.

As President Obama has said, "The arc of the universe may bend towards justice, but it doesn't bend on its own."

We have a lot left to do - so let's get to work.

Very respectfully,

Tom Kalil

Despite the diversity, these experiences have differed far less than I imagined. At the end of the day, I spent my time working with incredibly talented and committed people trying (despite all the challenges) to make sure government was serving the needs of the people. I feel lucky that I was paid to be part of that effort.

Sure, it was occasionally exhausting and frustrating, but working with you all more than made up for that. It has been a blast working with everyone, and I feel proud of being a small part of the accomplishments of this Administration. But, as we all know, the work is not over to make this country and world live up to our fullest ideals. So keep up the great and important work, whether it's inside or outside the government.

My personal email is (b) (6) Please keep in touch, and I hope our paths cross again.

Best,

Adam

Hello Great Pitchers!

First off, **THANK YOU** for the bringing the "great" to The Great Pitch: Shark Tank edition on Thursday. Your preparation and practice really showed through. The sharks have repeatedly mentioned how impressed they were with your presentations and excited they are about the ideas. Great work!

### Reliving the Pitch

Feeling sentimental already? We've got you covered. Check out the attached summary book from the event (please keep internal for now).

### The Results

Now the update you've all been waiting for! **The highest scoring pitches are....** going to be announced hopefully by the middle of next week. (buh-bum) I wish we had the results for you now, but trust that we have all our algorithms, interconnected tubes, and a room full of interns running at full capacity to crunch the numbers.

More coming soon!

All,

Do you know anyone, in any federal agency, who might be interested in the role below? It's only available as a Detail for now, given the hiring freeze, but the HHS IDEA Lab intends to permanently hire the Detailee once the freeze is lifted (assuming no further hiring restrictions).

Please share within your network only (not intended for mass distribution/listserv). I wondered if any outgoing folks might have an interest here.

Thank You,  
Mark

Hi,

The [HHS IDEA Lab](#) is looking for a stellar tech specialist/advisor to join the team! This individual would lead research and special projects towards integrating new technologies, impacting the team as well as teams across the Department who work with us through our programs.

**Brief description of Information Technology (IT) Specialist/Advisor role with the [HHS IDEA Lab / Office of the Chief Technology Officer](#)**

- Provides authoritative advice and expertise in applications and systems analysis,

conducting studies and special research activities involving new technologies in digital services that impact HHS customer needs.

- Plans and manages projects related to emerging technologies as they relate to existing HHS technology services and platforms.
- Aware of and have experience with existing and trending communication and IT services, including Open Data and the Internet-of-Things.
- Ideally, has experience in agile contracting for these services and approaches the use of these technologies from an entrepreneur mindset, considering such factors as user experience, design thinking, and agile and lean methodologies.

**Work Type:**

- Detail (initially, given the hiring freeze)
- Permanent (after the hiring freeze, pending any additional hiring restrictions)
  - o Detailed information will be provided by the Point of Contact (Sanjay Koyani – see email below)

**Timing:** ASAP

**Projected Compensation Range:** GS-12/13/14 (GS-level is dependent upon experience and qualifications, but it's very likely either a 13 or 14 as they really want someone talented)

Please take a moment to think about who may be interested... we appreciate any help in spreading the word. If you are interested, or have any questions, please reach out to Sanjay Koyani at [sanjay.koyani@hhs.gov](mailto:sanjay.koyani@hhs.gov).

Thank You,  
The HHS IDEA Lab/Office of the Chief Technology Officer

## Cross-Agency Digital Updates for Week of February 6, 2017

### Milestones

- Cloud.gov is now FedRAMP authorized for use by federal agencies
- USDS: The procurement memo: Bringing Additional Software Developers into the Federal Marketplace with live on January 13<sup>th</sup> 2017 to help agencies bring additional talented software developers into the Federal Marketplace

### Information for Our Teams

- USDS: Elaine Ho has been helping USDS through the transition picking up task that would have otherwise been handled by Sarah Sullivan.

### Help Wanted

- USDS-HQ is looking for assistance on a discovery sprint designing a data visualization and reporting tool that will be instrumental in ending Veteran homelessness. Existing housing programs rely on case managers quickly and effectively engaging and triaging Veterans entering homelessness, and large program datasets at VA and HUD contain the necessary data to facilitate this. However, the datasets are currently do not communicate with one another, or present data in user-friendly formats for case managers or government managers. Seeking 1 Product, 1 UX, 1 SWE. Sprint will be 2-3 weeks beginning week of 2/27. Goals are to build consensus across stakeholders (VA, HUD, non-profit advocates) around key reports and summary statistics across stakeholders based on research with users (front-line VA and non-profit case managers in local communities), as well as to determine strategies to navigate the minefield of privacy rules and information security in sharing this data.

### Recruiting News

- USDS - DHS
  - o James Puntney was previously VP of Product & Engineering at Manzama where he led the development of the product from initial prototype to become the leading news and intelligence platform within the legal industry. Previous to Manzama James worked in digital marketing firms, including as a Founding Partner and Director of Technology for Transcendigital – a digital marketing firm, VP of Technology at GeniusRocket - an early creative crowdsourcing platform, and at Outrider – the digital agency of the Tempus

Marketing Group. At these companies James led the building of websites and digital marketing campaigns for clients including ING, Bank of America, Connecticut's Beardsley Zoo, Intel, Art.com and many others. James graduated from Washington State University with a Bachelors in Management Information Systems and a Master's degree from Mendoza College of Business at Notre Dame. James also volunteers at the National Zoo and helps raise guide dog puppies.

●○○○○○○○ **USDS- VA**

- o **Raquel Romano** joined the VA on February 6<sup>th</sup> with the engineering community. Her past work at Google includes machine learning for multilingual text and character recognition, digital crisis response tools for responding to natural disasters, and serving as technical lead for Google.org. She helped found Latinas in Computing, a worldwide community of Latina computer scientists, and is a strong advocate and supporter for people entering the tech community via nontraditional paths. She lives with her spouse and children in the San Francisco Bay Area.
  
- o **Mike Chung** joined the VA team on February 6<sup>th</sup> with the products and strat ops community. Mike was previously at Apple where he managed the Health, Fitness and Medical categories in the App Store. He has a strong passion for healthcare and finding ways to solve the chronic disease epidemic. He graduated from the U.S. Merchant Marine Academy and a Masters from the University of Washington. He also served as an Officer in the Navy during Operation Enduring and Iraqi Freedom.

## Events

- January 12: attended the Austin100 Conference in Austin, TX.
- January 23: Ginny Hunt moderated a session on building bi-partisan agenda to support tech / digital / innovation agenda at State of the Net in Washington, DC.
- January 30: Jennifer Anastasoff and Megan Hopkins presented at Culturati Summit on recruiting the best talent into the government.
- January 31: Dave Zvenyach (18F) spoke at the Eastern Foundry Ribbon Cutting in Rosslyn, VA about the future of government contracting and innovation in the DC Metro area.
- January 31: Esther Change (18F) spoke at Code for America: Work on things that matter in San Francisco, CA
- February 8: Jacob Parcell (18F) will be speaking at the FedSchoop's 2017 Government of the Future Summit event in Arlington, VA about mobility in government.

As a reminder all cross agency digital updates should be sent to Elaine Ho and Alia Bellamy on Mondays by 4pm.

Thank You!

Hi all!

The super amazing digital service team at VA is looking for the right person in government to detail over immediately to work on operations.

The team is working on transforming services, from healthcare access for Veterans to helping Veterans use their education benefits to go to excellent schools. Learn more at [usds.gov](http://usds.gov).

This person would ideally be detail-oriented, organized and proactive, and would work on helping a growing, distributed team run smoothly.

The work will have tremendous impact on Veterans and you will also get to work shoulder to shoulder with a team that will be SO EXCITED to have you there.

1. Please forward to anyone you think might know someone wonderful!

Got this forwarded from the DITAP listserv and wanted to share:

\*\*\*\*\*

Shout out to Dan Levenson for being named in the Top 100 of FedHealth IT! Dan is a graduate of the first DITAP class and earned the name "Dam" Levenson as he dams up the waterfalls in the Government.

We can make change! Great job Dam!

Hi all

This set of two meetings will be sent to everyone, but is designed to offer two times (one with a focus on the Southern Hemisphere and one with a focus on Europe). Hopefully you (and members of your team as appropriate) will be able to join in for one or both.

The recordings will be posted to the SLACK channel, so no worries if this doesn't fit your schedule.

This looks like the year where we start to come together even more – and our first topic is user design for government. Louise Downe of gov.uk has started this with a blog post ([Building an international group of government designers](#)) and I have popped a link to the Google doc into the SLACK channel for these meetings.

I've included information for both Zoom and Webex (in case there are permissions issue for Zoom in your organization). Zoom lets you connect via the computer audio or the numbers below. Please let me know if these are not a viable option for you.

[susanne.floresco@ontario.ca](mailto:susanne.floresco@ontario.ca) is inviting you to a scheduled Zoom meeting.

Topic: [susanne.floresco@ontario.ca](mailto:susanne.floresco@ontario.ca)'s Zoom Meeting Time: Feb 17, 2017 8:30 AM Eastern Time (US and Canada)

Join from PC, Mac, Linux, iOS or Android: (b) (6)

**Subject:** Data Collection

Hi Karen,

As you know, we met with a selected group of small and large agencies. Overall, the two sessions were very helpful as we received a lot of good feedback, particularly on the definitions, which our team is working through to improve the guidance. Additionally, we attained buy-in on the overall process and task at hand. We appreciate Bill attending and participating.

The consensus was that the MS Excel template worked and Adam Pugh from DOE said he would consult his IT folks on the data extract (.csv, .xml, or .json). As I mentioned in a previous email, we can accommodate either approach. None of the agencies voiced a preference for MAX or mentioned another alternative. We plan to move forward with allowing agencies to submit via the Excel template or data

extract file.

Obviously, the big priority at the moment is to work through the guidance and communications so that we may finalize and distribute it. It's critical that we get the agencies started on the data submission asap so they can meet the April 15 deadline.

Please let me know if you have any questions.

Thanks,  
GC

Thanks, Joanna. I just heard from Margie, OMB is locking their deck at 8:15 AM (the meeting is at 9 AM) so time is very short.

There is probably not enough time for us to dig up the denominators that made up the baseline for the savings numbers in the document by 8:15 AM.

Hi Karen,

As you know, we met with a selected group of small and large agencies. Overall, the two sessions were very helpful as we received a lot of good feedback, particularly on the definitions, which our team is working through to improve the guidance. Additionally, we attained buy-in on the overall process and task at hand. We appreciate Bill attending and participating.

The consensus was that the MS Excel template worked and Adam Pugh from DOE said he would consult his IT folks on the data extract (.csv, .xml, or .json). As I mentioned in a previous email, we can accommodate either approach. None of the agencies voiced a preference for MAX or mentioned another alternative. We plan to move forward with allowing agencies to submit via the Excel template or data extract file.

Obviously, the big priority at the moment is to work through the guidance and communications so that we may finalize and distribute it. It's critical that we get the agencies started on the data submission asap so they can meet the April 15 deadline.

Please let me know if you have any questions.

Thanks,  
GC

Dave, can you take the lead, send what we have to Margie. Let her know that it is 2/3 of our response and that our Acting Administrator would like to have one GSA response, and we will submit something from FAS as soon as we receive it? This way, we are not delaying OMB. Tim wrote to Tom to see what they have.

Sound good? I don't think we were clear to FAS that we needed this tonight. Thank you! Please cc me, tim, tony, jack and the others you copied earlier.

Jen, to your question, if we think we have some examples to contribute, in the interest of time, I can loop Sean back in with the right POCs to take it directly from there.

As I think about it, California may be a slightly less relevant example in this case since it involves work at the state level. We may want to try to focus on federal for purposes of this exercise.

Team,

Just had a phone call from Sean (works for Margie in OFCIO). You all may know some of this already, but in case not....

Chris Liddell is preparing a briefing for POTUS happening on wednesday morning on strategic initiatives, and wants to include "Federal IT" as one among a variety of topics that will be covered. Margie and Sean are putting together slides to support the section and are framing some of the potential of this as an initiative area around the potential for cost savings, both in mission-focused IT and infrastructure/"back office" functions.

Do we have an example of our work that we'd want to contribute to the effort that would be compelling at the POTUS level (and that would presumably get him excited about supporting Federal IT as a strategic initiative area)?

I asked Sean about how "iron clad" the cost savings potential or achieved needed to be, and he said the more compelling the better, although some of the other examples they are working with will still be somewhat caveated.

We would need to identify something ASAP, and work on getting the info to Sean today/tonight.

Jen, to your question, if we think we have some examples to contribute, in the interest of time, I can loop Sean back in with the right POCs to take it directly from there.

As I think about it, California may be a slightly less relevant example in this case since it involves work at the state level. We may want to try to focus on federal for purposes of this exercise.

Team,

Just had a phone call from Sean (works for Margie in OFCIO). You all may know some of this already, but in case not....

Chris Liddell is preparing a briefing for POTUS happening on wednesday morning on strategic initiatives, and wants to include "Federal IT" as one among a variety of topics that will be covered. Margie and Sean are putting together slides to support the section and are framing some of the potential of this as an initiative area around the potential for cost savings, both in mission-focused IT and infrastructure/"back office" functions.

Do we have an example of our work that we'd want to contribute to the effort that would be compelling at the POTUS level (and that would presumably get him excited about supporting Federal IT as a strategic initiative area)?

I asked Sean about how "iron clad" the cost savings potential or achieved needed to be, and he said the more compelling the better, although some of the other examples they are working with will still be somewhat caveated.

We would need to identify something ASAP, and work on getting the info to Sean today/tonight.

Thoughts?

We have data on SF per person for office buildings only and only for the last three years.

So the trend data is not that long and only covers s subset of the portfolio (offices).

Dear Maren,

Good morning!

Thank you for your excellent comments and observations. The initial timing of the reporting requirements (less than 2 months to submit the data on a huge inventory of assets) may play into the ability to gather some of the data. Therefore, an interim and a longer term data strategy may help us to achieve our collective goals.

We will collaborate and get back to you with our thoughts/solutions. Thank you.

Hello just talked to Tim. He would really like this to be a GSA response, including FAS, but understands the urgency of OMB's request.

Dave, can you take the lead, send what we have to Margie. Let her know that it is 2/3 of our response and that our Acting Administrator would like to have one GSA response, and we will submit something from FAS as soon as we receive it? This way, we are not delaying OMB. Tim wrote to Tom to see what they have.

Sound good? I don't think we were clear to FAS that we needed this tonight. Thank you! Please cc me, tim, tony, jack and the others you copied earlier.

Our EGov office are the official keepers of the IT numbers that OMB collects: overall budget, sustainment versus development. Margie Graves is the manager. I can get you her number in the am. They work with OGP all the time. And my sense is that they've been asked to pull together similar data.

Dear All,

I just spoke to OMB Bill Hamele about an agenda. There is NO agenda. He advised that this is an OMB coordinated meeting. GSA will be on a listening mode and OMB will turn to us at the right time when GSA inputs are necessary. OMB is bringing a timeline (NOT our project plan/timeline) they would like to brief and get the buy in. Just keeping everyone informed. See you at 11 am.

Alex

Dave, can you take the lead, send what we have to Margie. Let her know that it is 2/3 of our response and that our Acting Administrator would like to have one GSA response, and we will submit something from FAS as soon as we receive it? This way, we are not delaying OMB. Tim wrote to Tom to see what they have.

Sound good? I don't think we were clear to FAS that we needed this tonight. Thank you! Please cc me, tim, tony, jack and the others you copied earlier.

Thanks for the convo. Very helpful.

Different question: Who knows the most on your end re: gov-t-wide IT spend. Tim has been talking w/ Reed, et al., about the broad issue and GSA's role (as opposed to focusing solely on TTS). We've rec'd some numbers internally but we're assuming someone over there has overall IT spend numbers too.

Thanks.

Attached is the OMB immediate guidance to agencies on the hiring freeze which allows employees with start dates through February 22 to report to work as scheduled, with an agency head review for others with offers but no start date or start dates after February 22. This should provide agencies with flexibility to honor commitments made.

Toni, you may have already received this. The guidance was sent to Agency Heads and CHCOs as well this morning.

The memo indicates that questions should be directed to OMB RMOs, Ben and I are happy to take any questions that you may have and work to get the answer for GSA.

Thus far, we have identified one item scheduled to publish in the Federal Register tomorrow. It is a 30 day extension of the comment period on a FAR case about effective communication between Government and industry. The extension was based on a request from the American Bar Association and makes the new closing date for public comments March 2, 2017. The notice went up for public inspection on January 19. This case comes out of the National Defense Authorization Act (section 887) of 2016.

What action would you like us to take on that notice? Keeping it in place simply extends the time for the public to submit comments.

In terms of the pending FAR case on non-retaliation for disclosure of compensation information, the Office of the Federal Register had not given a publication date. We will contact them Monday to pull the case.

I'm still coordinating with the rest of OGP to identify if there are any other unpublished regulations at the Office of the Federal Register. We will also begin to identify published regulations which are not yet in effect.

Will confirm upon completion,

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This

needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy

officer (sometimes called “regulatory second”) has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be

forthcoming.

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This

needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy

officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be

forthcoming.

Thanks and let me know if you have any questions,

Marcus Peacock

Hi Jack

See the attached. Jeff is working with OMB to take appropriate action.

Also we have confirmed that any additional regulatory changes would need to be signed by the GSA Administrator before it goes to OFR so we have a control in place to stop anything else.

Call me if we need to discuss further.

Tim,

Thus far, we have identified one item scheduled to publish in the Federal Register tomorrow. It is a 30 day extension of the comment period on a FAR case about effective communication between Government and industry. The extension was based on a request from the American Bar Association and makes the new closing date for public comments March 2, 2017. The notice went up for public inspection on January 19. This case comes out of the National Defense Authorization Act (section 887) of 2016.

What action would you like us to take on that notice? Keeping it in place simply extends the time for the public to submit comments.

In terms of the pending FAR case on non-retaliation for disclosure of compensation information, the Office of the Federal Register had not given a publication date. We will contact them Monday to pull the case.

I'm still coordinating with the rest of OGP to identify if there are any other unpublished regulations at the Office of the Federal Register. We will also begin to identify published regulations which are not yet in effect.

Will confirm upon completion,

Jeff

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This

needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy

officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be

forthcoming.

Thanks and let me know if you have any questions,

As an addendum, it's likely that there are other regs pending within OGP that may be pending for signature and subsequent forwarding to OFR.

Exec Sec primarily tracks regulatory actions being signed at the Administrator level and would not be aware of rules planned for signing within OGP.

Attached is the OMB immediate guidance to agencies on the hiring freeze which allows employees with start dates through February 22 to report to work as scheduled, with an agency head review for others with offers but no start date or start dates after February 22. This should provide agencies with flexibility to honor commitments made.

Toni, you may have already received this. The guidance was sent to Agency Heads and CHCOs as well this morning.

The memo indicates that questions should be directed to OMB RMOs, Ben and I are happy to take any questions that you may have and work to get the answer for GSA.

Toni, Andi, and Craig –

Attached is the OMB immediate guidance to agencies on the hiring freeze which allows employees with start dates through February 22 to report to work as scheduled, with an agency head review for others with offers but no start date or start dates after February 22. This should provide agencies with flexibility to honor commitments made.

Toni, you may have already received this. The guidance was sent to Agency Heads and CHCOs as well this morning.

The memo indicates that questions should be directed to OMB RMOs, Ben and I are happy to take any questions that you may have and work to get the answer for GSA.

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be forthcoming.

Thanks and let me know if you have any questions,

Hey Tony –

Hope that you are doing well – looks like you are going to be even busier than usual. Received the note below announcing your new assignment as Acting Deputy Administrator. As always, if you need anything, give a yell.

Angela

GSA Office of Strategic Communication

Effective immediately, President Trump has named [Tim Horne](#) Acting Administrator of the U.S. General Services Administration. Tim has served in various positions across GSA since 1993 and is well acquainted with the agency's work.

In addition, Tony Costa will serve as Acting GSA Deputy Administrator, Joanna Rosato will serve as Acting GSA Chief of Staff, and the following individuals will serve as Acting Regional Administrators in their respective Regions:

- Region One: Glenn Rotondo
- Region Two: Frank Santella
- Region Three: Bob McCall
- Region Four: Erv Koehler
- Region Five: John Cooke
- Region Six: Dennis O'Connell
- Region Seven: Jim Weller
- Region Eight: Leigh Ann Bunetta
- Region Nine: Dan Brown
- Region Ten: Tiffany Hixson
- Region Eleven: Paula Demuth

Tim, Tony, Joanna, and the regional leaders listed above will serve in an acting capacity until the President appoints individuals for these leadership positions.

## Shared Services Governance Board

The SSGB meets the third Thursday of every month. If you have any questions or you need a dial-in for a specific meeting please contact [austin.price@gsa.gov](mailto:austin.price@gsa.gov).

The SSGB is the primary executive body responsible for advising future policies and decision making of the SSPO. The board serves as an integration and oversight body for the shared services ecosystem, and membership includes executives from across the Federal enterprise and across functional areas in order to provide a broad perspective and to represent various stakeholders in the decision making process.

Dear Colleagues,

Please see attached agenda for our meeting on 2/14, which will take place at the Department of Commerce (room 4893). Those with a federal badge shouldn't need an escort – however, if you encounter any difficulties entering or finding the room, please feel free to contact Brian Gibbons at [bgibbons@ntia.doc.gov](mailto:bgibbons@ntia.doc.gov) or [202-482-6094](tel:202-482-6094).

We'd appreciate it if each agency would be prepared to report on their plans and expected timeline to complete any remaining action items (per the attached progress report).

Also, please review the attached contact list and let us know if you would like to make any corrections or additions. The green indicates a newly-added contact per DHS.

Thanks,  
Karen

Due to the tight time constraint from OMB, we had to submit something this evening. As Dave explains below, we sent it incomplete as we fully intended for it to be a GSA submission. As soon as you complete the FAS portion, we will need to forward to OMB. They need this for a meeting in the morning. The GSAIT and TTS submission is attached. Thanks for your prompt attention!

Jen, to your question, if we think we have some examples to contribute, in the interest of time, I can loop Sean back in with the right POCs to take it directly from there.

As I think about it, California may be a slightly less relevant example in this case since it involves work at the state level. We may want to try to focus on federal for purposes of this exercise.

Team,

Just had a phone call from Sean (works for Margie in OFCIO). You all may know some of this already, but in case not....

Chris Liddell is preparing a briefing for POTUS happening on wednesday morning on strategic initiatives, and wants to include "Federal IT" as one among a variety of topics that will be covered. Margie and Sean are putting together slides to support the section and are framing some of the potential of this as an initiative area around the potential for cost savings, both in mission-focused IT and infrastructure/"back office" functions.

Do we have an example of our work that we'd want to contribute to the effort that would be compelling at the POTUS level (and that would presumably get him excited about supporting Federal IT as a strategic initiative area)?

I asked Sean about how "iron clad" the cost savings potential or achieved needed to be, and he said the more compelling the better, although some of the other examples they are working with will still be somewhat caveated.

We would need to identify something ASAP, and work on getting the info to Sean today/tonight.

Thoughts?

Adding David S. and Navin onto the thread; see below. Margie and Sean are also interested in whether you might have some potential candidate examples from the GSA perspective.

Jen, to your question, if we think we have some examples to contribute, in the interest of time, I can loop Sean back in with the right POCs to take it directly from there.

As I think about it, California may be a slightly less relevant example in this case since it involves work at the state level. We may want to try to focus on federal for purposes of this exercise.

Team,

Just had a phone call from Sean (works for Margie in OFCIO). You all may know some of this already, but in case not....

Chris Liddell is preparing a briefing for POTUS happening on wednesday morning on strategic initiatives, and wants to include "Federal IT" as one among a variety of topics that will be covered. Margie and Sean are putting together slides to support the section and are framing some of the potential of this as an initiative area around the potential for cost savings, both in mission-focused IT and infrastructure/"back office" functions.

Do we have an example of our work that we'd want to contribute to the effort that would be compelling at the POTUS level (and that would presumably get him excited about supporting Federal IT as a strategic initiative area)?

I asked Sean about how "iron clad" the cost savings potential or achieved needed to be, and he said the more compelling the better, although some of the other examples they are working with will still be somewhat caveated.

We would need to identify something ASAP, and work on getting the info to Sean today/tonight.

Thoughts?  
Kathryn

Toni, Andi, and Craig –

Attached is the OMB immediate guidance to agencies on the hiring freeze which allows employees with start dates through February 22 to report to work as scheduled, with an agency head review for others with offers but no start date or start dates after February 22. This should provide agencies with flexibility to honor commitments made.

Toni, you may have already received this. The guidance was sent to Agency Heads and CHCOs as well this morning.

The memo indicates that questions should be directed to OMB RMOs, Ben and I are happy to take any questions that you may have and work to get the answer for GSA.

Angela.

All:

Giancarlo Brizzi and OGP's Regulatory Secretariat would have the definitive list of what has been sent to the OFR recently, including anything signed within OGP.

I am aware of only three items pending and these are all at GSA.

Hi Theresa -

Per our conversation, please look at the ask below and provide everyone CC'd with a list of regulations proposed by GSA that qualify. You mentioned there were a couple things you know already went back to OGC last week, so please include those just so we see the whole picture. We need to produce this info as soon as possible. Thanks!

Subject: Executing section 2 of the Reg Freeze memo

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This

needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy

officer (sometimes called “regulatory second”) has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be forthcoming.

Thanks and let me know if you have any questions,

Marcus Peacock

Sharing the OMB immediate guidance memo on implementation of the civilian hiring freeze PM. We shared this guidance with CHCO and OCFO a few moments ago. As mentioned yesterday, the freeze is irrespective of funding source.

Toni, Andi, and Craig –

Attached is the OMB immediate guidance to agencies on the hiring freeze which allows employees with start dates through February 22 to report to work as scheduled, with an agency head review for others with offers but no start date or start dates after February 22. This should provide agencies with flexibility to honor commitments made.

Toni, you may have already received this. The guidance was sent to Agency Heads and CHCOs as well this morning.

The memo indicates that questions should be directed to OMB RMOs, Ben and I are happy to take any questions that you may have and work to get the answer for GSA.

Angela.

Attached is additional OMB guidance on the civilian hiring freeze, including a list of exemptions. As Angela previously mentioned, we are happy to track down answers to any questions you may have.

Thanks,  
Ben

Dear Colleagues,

Good morning!

Need your kind guidance. Henry Gindt from the WH just called and requested copies of the templates and the Instructions documents (attached we finalized yesterday).

I told him that I will get back. Please let me know if I can share. I want to avoid any misunderstandings. Thank you.

Subject: Executing section 2 of the Reg Freeze memo

Jack,

Last evening the President's Chief of Staff signed a memorandum freezing all regulations (see attached). Section 2 of this memorandum requires agencies immediately withdraw regulations from the Office of the Federal Register (OFR). This needs to be done as soon as possible. For instance, we know there was at least one proposed rule regarding the FAR pending at OFR on Thursday. There may well be other GSA rules due to be put on public inspection at OFR on Monday. Your acting regulatory policy officer (sometimes called "regulatory second") has been informed of this requirement and should be working on the paperwork necessary to withdraw these rules. I strongly suggest you work with them to make sure timely compliance today. More guidance may be forthcoming.

Thanks and let me know if you have any questions,

Hi Theresa -

Per our conversation, please look at the ask below and provide everyone CC'd with a list of regulations proposed by GSA that qualify. You mentioned there were a couple things you know already went back to OGC last week, so please include those just so we see the whole picture. We need to produce this info as soon as possible. Thanks!

GSA Office of Strategic Communication

Effective immediately, President Trump has named [Tim Horne](#) Acting Administrator of the U.S. General Services Administration. Tim has served in various positions across GSA since 1993 and is well acquainted with the agency's work.

In addition, Tony Costa will serve as Acting GSA Deputy Administrator, Joanna Rosato will serve as Acting GSA Chief of Staff, and the following individuals will serve as Acting Regional Administrators in their respective Regions:

Region One: Glenn Rotondo  
Region Two: Frank Santella  
Region Three: Bob McCall  
Region Four: Erv Koehler  
Region Five: John Cooke  
Region Six: Dennis O'Connell  
Region Seven: Jim Weller  
Region Eight: Leigh Ann Bunetta  
Region Nine: Dan Brown

Region Ten: Tiffany Hixson  
Region Eleven: Paula Demuth  
Tim, Tony, Joanna, and the regional leaders listed above will serve in an acting capacity until the President appoints individuals for these leadership positions.

Good afternoon,

We are excited to announce that **Tech Matters**, our framework for integrating technology into federal workplace strategy, is finally here! You can find the document attached to this email, as well as at the link below: ([Tech Matters](#))

We wanted to take this time to once again thank you for your input and feedback as we worked to create this document. Your participation was integral throughout the process, and without you, this product would not have looked the same. We are proud of the efforts put forth to create this, so **thank you** for your contributions.

As this particular chapter in Tech Matters comes to a close, we look forward to exploring how our partnerships can continue. What we started is unprecedented; the caliber of the minds we were able to bring together on this project was simply extraordinary. We hope that this is just the first step in some truly revolutionary work around technology and workplace strategy.

Once again thank you, and we welcome your feedback on both the document itself, as well as how we can continue these efforts in the future.

Hi Susan,

I hope you're well! I'm wondering if you can help with updating numbers for total federal procurement in the below memo (see the large pie chart towards the beginning). Mathew mentioned that you could connect me to David Shea from GSA, who likely has the most recent numbers on purchase card spending for 2016. We can get the non-purchase card spending from the FPDS but need the card spending data to get the overall spend for 2016. It would be great if you could connect me with David, or if you have the 2016 purchase card data on hand, even better.

Thanks very much,

Jen

Susan - Certainly; we'll be back to you with the micro-purchase spend in both of these FYs shortly. Hi, Jen! Let me introduce Mr. Tri Thai, my Data Management Branch Chief. He's responsible for all the GSA SmartPay data we receive, our reports and metrics, as well as our data warehouse and our system security management. Again, we'll have this info to you shortly. - Dave

Hi Susan,

I hope you're well! I'm wondering if you can help with updating numbers for total federal procurement in the below memo (see the large pie chart towards the beginning). Mathew mentioned that you could connect me to David Shea from GSA, who likely has the most recent numbers on purchase card spending for 2016. We can get the non-purchase card spending from the FPDS but need the card spending data to get the overall spend for 2016. It would be great if you could connect me with David, or if you have the 2016 purchase card data on hand, even better.

Thanks very much,

Jen

CMLC,

DHS is in the process of re-competing their TacCom contract vehicle as a GWAC in accordance with my Security and Protection Version 2.0 Plan. Our schedule is very aggressive, and award is planned by September 2017. They have stood up an integrated project team (IPT) and are requesting participation by any other interested federal government agencies. The IPT currently meets on a weekly basis with additional planning and strategy meetings scheduled as needed.

Those agencies who cannot provide a resource to represent them on the IPT at this time may be afforded opportunities at various stages of the process to provide input, however agencies with significant interest in the GWAC are highly encouraged to participate since the schedule may impose tight response timeframes. DHS and the Category Manager are working with the team to ensure the Best In Class criteria are met from establishment; therefore it is in other agencies' interests to participate. Additionally, given the anticipated BIC designation, if any other agencies are pursuing requirements for Land Mobile Radios or Tactical Communications Equipment, we are requesting that you reach out now to so that we can eliminate duplicative efforts, as appropriate.

If your agency would like to participate in this effort, please have them contact Peter Ko at [peter.ko@hq.dhs.gov](mailto:peter.ko@hq.dhs.gov).

Thank you!

CMLC,

DHS is in the process of re-competing their TacCom contract vehicle as a GWAC in accordance with my Security and Protection Version 2.0 Plan. Our schedule is very aggressive, and award is planned by September 2017. They have stood up an integrated project team (IPT) and are requesting participation by any other interested federal government agencies. The IPT currently meets on a weekly basis with additional planning and strategy meetings scheduled as needed.

Those agencies who cannot provide a resource to represent them on the IPT at this time may be afforded opportunities at various stages of the process to provide input, however agencies with significant interest in the GWAC are highly encouraged to participate since the schedule may impose tight response timeframes. DHS and the Category Manager are working with the team to ensure the Best In Class criteria are met from establishment; therefore it is in other agencies' interests to participate. Additionally, given the anticipated BIC designation, if any other agencies are pursuing requirements for Land Mobile Radios or Tactical Communications Equipment, we are requesting that you reach out now to so that we can eliminate duplicative efforts, as appropriate.

If your agency would like to participate in this effort, please have them contact Peter Ko at [peter.ko@hq.dhs.gov](mailto:peter.ko@hq.dhs.gov).

Thank you!

If in fact there are requirements here that cannot be met by MAS or other existing GWAC, why not a SIN against MAS?

We can talk.

Tom

CMLC,

DHS is in the process of re-competing their TacCom contract vehicle as a GWAC in accordance with my Security and Protection Version 2.0 Plan. Our schedule is very aggressive, and award is planned by September 2017. They have stood up an integrated project team (IPT) and are requesting participation by any other interested federal government agencies. The IPT currently meets on a weekly basis with additional planning and strategy meetings scheduled as needed.

Those agencies who cannot provide a resource to represent them on the IPT at this time may be

afforded opportunities at various stages of the process to provide input, however agencies with significant interest in the GWAC are highly encouraged to participate since the schedule may impose tight response timeframes. DHS and the Category Manager are working with the team to ensure the Best In Class criteria are met from establishment; therefore it is in other agencies' interests to participate. Additionally, given the anticipated BIC designation, if any other agencies are pursuing requirements for Land Mobile Radios or Tactical Communications Equipment, we are requesting that you reach out now so that we can eliminate duplicative efforts, as appropriate.

If your agency would like to participate in this effort, please have them contact Peter Ko at [peter.ko@hq.dhs.gov](mailto:peter.ko@hq.dhs.gov).

Thank you!

I will find out what market research they've done and what acquisition alternatives they've explored.

If in fact there are requirements here that cannot be met by MAS or other existing GWAC, why not a SIN against MAS?

We can talk.

CMLC,

DHS is in the process of re-competing their TacCom contract vehicle as a GWAC in accordance with my Security and Protection Version 2.0 Plan. Our schedule is very aggressive, and award is planned by September 2017. They have stood up an integrated project team (IPT) and are requesting participation by any other interested federal government agencies. The IPT currently meets on a weekly basis with additional planning and strategy meetings scheduled as needed.

Those agencies who cannot provide a resource to represent them on the IPT at this time may be afforded opportunities at various stages of the process to provide input, however agencies with significant interest in the GWAC are highly encouraged to participate since the schedule may impose tight response timeframes. DHS and the Category Manager are working with the team to ensure the Best In Class criteria are met from establishment; therefore it is in other agencies' interests to participate. Additionally, given the anticipated BIC designation, if any other agencies are pursuing requirements for Land Mobile Radios or Tactical Communications Equipment, we are requesting that you reach out now to so that we can eliminate duplicative efforts, as appropriate.

If your agency would like to participate in this effort, please have them contact Peter Ko at [peter.ko@hq.dhs.gov](mailto:peter.ko@hq.dhs.gov).

Thank you!

Meredith Romley

Hi Tim,

Please let me know if 1pm on Monday works for your group. We have received the vitals from you and Tom Sharpe, but I don't believe we have received Mary's.

Please copy Henry on your response as he will be scheduling Monday's meeting.

Hi Tim,

Please let me know if 1pm on Monday works for your group. We have received the vitals from you and Tom Sharpe, but I don't believe we have received Mary's.

Please copy Henry on your response as he will be scheduling Monday's meeting.

Hi Henry

Thanks for taking the time to meet yesterday. I would love to continue the conversation with you and Chris. We talked about getting together tomorrow. Please let me know if that still works. I would like to convene several members from our leadership team to get into more details about how we can help you guys. We would be happy to come to you, but the logistics might be easier if you come to the GSA building. Please let me know what you think. Happy to jump on the phone as well.

CMLC,

DHS is in the process of re-competing their TacCom contract vehicle as a GWAC in accordance with my Security and Protection Version 2.0 Plan. Our schedule is very aggressive, and award is planned by September 2017. They have stood up an integrated project team (IPT) and are requesting participation by any other interested federal government agencies. The IPT currently meets on a weekly basis with additional planning and strategy meetings scheduled as needed.

Those agencies who cannot provide a resource to represent them on the IPT at this time may be afforded opportunities at various stages of the process to provide input, however agencies with significant interest in the GWAC are highly encouraged to participate since the schedule may impose tight response timeframes. DHS and the Category Manager are working with the team to ensure the Best In Class criteria are met from establishment; therefore it is in other agencies' interests to participate. Additionally, given the anticipated BIC designation, if any other agencies are pursuing requirements for Land Mobile Radios or Tactical Communications Equipment, we are requesting that you reach out now to so that we can eliminate duplicative efforts, as appropriate.

If your agency would like to participate in this effort, please have them contact Peter Ko at [peter.ko@hq.dhs.gov](mailto:peter.ko@hq.dhs.gov).

Thank you!

CMLC,

DHS is in the process of re-competing their TacCom contract vehicle as a GWAC in accordance with my Security and Protection Version 2.0 Plan. Our schedule is very aggressive, and award is planned by September 2017. They have stood up an integrated project team (IPT) and are requesting participation by any other interested federal government agencies. The IPT currently meets on a weekly basis with additional planning and strategy meetings scheduled as needed.

Those agencies who cannot provide a resource to represent them on the IPT at this time may be afforded opportunities at various stages of the process to provide input, however agencies with significant interest in the GWAC are highly encouraged to participate since the schedule may impose tight response timeframes. DHS and the Category Manager are working with the team to ensure the Best In Class criteria are met from establishment; therefore it is in other agencies' interests to participate. Additionally, given the anticipated BIC designation, if any other agencies are pursuing requirements for Land Mobile Radios or Tactical Communications Equipment, we are requesting that you reach out now to so that we can eliminate duplicative efforts, as appropriate.

If your agency would like to participate in this effort, please have them contact Peter Ko at [peter.ko@hq.dhs.gov](mailto:peter.ko@hq.dhs.gov).

Thank you!

Mary,

Years back, Soraya and I had a couple of discussions about a DHS buy for specialty law enforcement equipment which they were doing for a handful of agencies. It ended up with OMB.

I thought the descriptions were very commercial --- she insisted it was all non-commercial restricted to law enforcement community

It's been too long, not sure if this the same recompete or not --

but it's very helpful to know if this equipment is commercial or non-commercial.

Artheia can get us together

If in fact there are requirements here that cannot be met by MAS or other existing GWAC, why not a SIN against MAS?

We can talk.

CMLC,

DHS is in the process of re-competing their TacCom contract vehicle as a GWAC in accordance with my Security and Protection Version 2.0 Plan. The IPT currently meets on a weekly basis with additional planning and strategy meetings scheduled as needed.

Those agencies who cannot provide a resource to represent them on the IPT at this time may be afforded opportunities at various stages of the process to provide input, however agencies with significant interest in the GWAC are highly encouraged to participate since the schedule may impose tight response timeframes. DHS and the Category Manager are working with the team to ensure the Best In Class criteria are met from establishment; therefore it is in other agencies' interests to participate. Additionally, given the anticipated BIC designation, if any other agencies are pursuing requirements for Land Mobile Radios or Tactical Communications Equipment, we are requesting that you reach out now so that we can eliminate duplicative efforts, as appropriate.

If your agency would like to participate in this effort, please have them contact Peter Ko at [peter.ko@hq.dhs.gov](mailto:peter.ko@hq.dhs.gov).

If in fact there are requirements here that cannot be met by MAS or other existing GWAC, why not a SIN against MAS?

We can talk.

Give me a chance to get some information from DHS and I'll let you know when I've received it.

Artheia can get us together

If in fact there are requirements here that cannot be met by MAS or other existing GWAC, why not a SIN against MAS?

We can talk.

CMLC,

DHS is in the process of re-competing their TacCom contract vehicle as a GWAC in accordance with my Security and Protection Version 2.0 Plan. Our schedule is very aggressive, and award is planned by September 2017. They have stood up an integrated project team (IPT) and are requesting participation by any other interested federal government agencies. The IPT currently

meets on a weekly basis with additional planning and strategy meetings scheduled as needed.

Those agencies who cannot provide a resource to represent them on the IPT at this time may be afforded opportunities at various stages of the process to provide input, however agencies with significant interest in the GWAC are highly encouraged to participate since the schedule may impose tight response timeframes. DHS and the Category Manager are working with the team to ensure the Best In Class criteria are met from establishment; therefore it is in other agencies' interests to participate. Additionally, given the anticipated BIC designation, if any other agencies are pursuing requirements for Land Mobile Radios or Tactical Communications Equipment, we are requesting that you reach out now to so that we can eliminate duplicative efforts, as appropriate.

If your agency would like to participate in this effort, please have them contact Peter Ko at [peter.ko@hq.dhs.gov](mailto:peter.ko@hq.dhs.gov).

Thank you!

CMLC,

DHS is in the process of re-competing their TacCom contract vehicle as a GWAC in accordance with my Security and Protection Version 2.0 Plan. Our schedule is very aggressive, and award is planned by September 2017. They have stood up an integrated project team (IPT) and are requesting participation by any other interested federal government agencies. The IPT currently meets on a weekly basis with additional planning and strategy meetings scheduled as needed.

Those agencies who cannot provide a resource to represent them on the IPT at this time may be afforded opportunities at various stages of the process to provide input, however agencies with significant interest in the GWAC are highly encouraged to participate since the schedule may impose tight response timeframes. DHS and the Category Manager are working with the team to ensure the Best In Class criteria are met from establishment; therefore it is in other agencies' interests to participate. Additionally, given the anticipated BIC designation, if any other agencies are pursuing requirements for Land Mobile Radios or Tactical Communications Equipment, we are requesting that you reach out now to so that we can eliminate duplicative efforts, as appropriate.

If your agency would like to participate in this effort, please have them contact Peter Ko at [peter.ko@hq.dhs.gov](mailto:peter.ko@hq.dhs.gov).

Thank you!

Meredith Romley

## Acquisition Gateway- Weekly Analytic Report

Week ending 1/22/2017

Usage continues to increase with **74** new accounts created on the Acquisition Gateway during the past week (1/16-1/22) making the total accounts **11,379**.

*\*If a partial account was created during the prior week of reporting but it was finalized during the current week, it is counted in the previous week's count. This can cause a small discrepancy when reporting on the last week's number. The total accounts will not include users on the Gateway who have roles to manage content on the Gateway. If a user is assigned a role during the week it will cause a discrepancy when reporting last week's numbers.*

Acquisition Gateway- Weekly Analytic Report

Week ending 2/5/2017

Usage continues to increase with **95** new accounts created on the Acquisition Gateway during the past week (1/30-2/5) making the total accounts **11,617**.

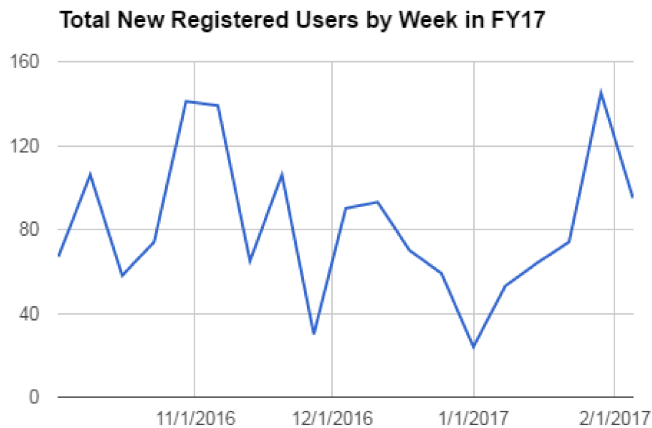

*\*If a partial account was created during the prior week of reporting but it was finalized during the current week, it is counted in the previous week's count. This can cause a small discrepancy when reporting on the last week's number. The total accounts will not include users on the Gateway who have roles to manage content on the Gateway. If a user is assigned a role during the week it will cause a discrepancy when reporting last week's numbers.*

Due to the tight time constraint from OMB, we had to submit something this evening. As Dave explains below, we sent it incomplete as we fully intended for it to be a GSA submission. As soon as you complete the FAS portion, we will need to forward to OMB. They need this for a meeting in the morning. The GSAIT and TTS submission is attached. Thanks for your prompt attention!

**Subject:** Re: Time Sensitive for POTUS: cost saving example?

Good evening, Margie and Sean.

Thanks for your patience. Attached is the doc that contains some of the high level initiatives in GSA that focused on technology transformation internal to GSA provided by GSA IT and as an external service provided by TTS. Due to the short time, we focused on content, some stats regarding savings and business value and some customer testimonials for value context. The text is not highly edited so please feel free to word-smith for readability as you build your presentation for tomorrow.

The one missing, but critical element is the transformative services provided by FAS. Those user stories are being developed this evening and will be sent under separate e-mail in the morning. We wanted to get the GSA IT and TTS info to you ASAP.

Ping me if you have any questions as you review the info or need anything else this evening.

Hi everyone,

Thanks so much for helping us out. Just so I can keep Margie up to speed, do you have an ETA?

Thanks again,

Jen, to your question, if we think we have some examples to contribute, in the interest of time, I can loop Sean back in with the right POCs to take it directly from there.

As I think about it, California may be a slightly less relevant example in this case since it involves work at the state level. We may want to try to focus on federal for purposes of this exercise.

Kathryn, would the expectation be that folks send this info to you and for you to send to Sean?

Team,

Just had a phone call from Sean (works for Margie in OFCIO). You all may know some of this already, but in case not....

Chris Liddell is preparing a briefing for POTUS happening on wednesday morning on strategic initiatives, and wants to include "Federal IT" as one among a variety of topics that will be covered. Margie and Sean are putting together slides to support the section and are framing some of the potential of this as an initiative area around the potential for cost savings, both in mission-focused IT and infrastructure/"back office" functions.

Do we have an example of our work that we'd want to contribute to the effort that would be compelling at the POTUS level (and that would presumably get him excited about supporting Federal IT as a strategic initiative area)?

I asked Sean about how "iron clad" the cost savings potential or achieved needed to be, and he said the more compelling the better, although some of the other examples they are working with will still be somewhat caveated.

We would need to identify something ASAP, and work on getting the info to Sean today/tonight.

Thoughts?
